d. In 1959 Identity D called me and told me that my of the (AMTHUG-1) regime. I agreed to cooperate without hesitation, and was introduced to Identity F, KUBARK Chief of Station, who assigned me to Identity G. Together we organized a group to infiltrate the (PBRUMEN) government. I was evacuated to the JMWAVE area with my family in the fall of 1960, and was met by Identity Promised that my citizenship status would be inquired into officially, and that my service to KUBARK would resolve any doubts that might have existed in the case.

e. In the summer of 1961, I decided in sheer desperation to drive to ZRMETAL and to ask Identity I for direct help in the citizenship matter. My JMWAVE contacts, I explained, claimed that there was no record of my quest for citizenship reinstatement. Identity I sent someone to take notes on my case, and also introduced me to Identity J as my next supervisor in the JMWAVE area. Identity J later advised me that my file had been mislaid, but that the case was being reactivated.

f. In March 1962, cover business provided an opportunity permanent residence visa. At that time I was told by the Immigration officer (to my dismay) that my five-year waiting period for citizenship would begin on the date of my re-entry. On another cover trip in April 1963, I met Identity H who said that he could not believe that my citizenship had not been reinstated by that time. He said that he and Identity I had been given to understand that it was all taken care of.

applied for citizenship in any other country; that I did everything possible under the above circumstances to maintain my PBPRIME citizenship; that I tried by every means available to have my citizenship reinstated after I learned that it had been taken from me (without a hearing, by the way); and that the PBRUMED passport used in my evacuation was procured only after assurances from Identity F that the action would not have an adverse effect upon attempts to reinstate my citizenship.

2. It would be appreciated if Headquarters could find some way of expediting AMCLATTER-1's case. Bringing this predicament to a satisfactory conclusion would relieve him of a personal dilemma which might weigh heavily to the detriment of his operational effectiveness. Any questions or instructions on the matter up until 20 August should be referred to AMCLATTER-1 through his training case officer (note reference and previous correspondence for training site).

AMCLATTER-1 possession are also forwarded under reparate cover.
